Change of Billing Code for Comprehensive Biopsychosocial Evaluation MD (300-50)- Provider Type 08
Mental Health Service Providers Only

To remain consistent with the Commonwealth of Pennsylvania Behavioral Health Services Reporting Classification Chart, the following billing procedure change is required:

Effective January 1, 2017, provider type *08 outpatient mental health service providers* will no longer submit claims for Comprehensive Biopsychosocial Evaluation MD services with the UB Price Modifier Code. This level of care is coded as 300-50 on your Schedule A. Claims for this level of care must be submitted using the CPT Code 90792 without a Price or Info Modifier code. Along with the elimination of the UB Price Modifier code, CBH has assigned new blanket authorization numbers to this level of care. CBH requests that affected providers download a current copy of your Schedule A to confirm the new blanket authorization numbers.

Please contact your assigned CBH Claims Analyst if you have any questions.
