

Implementation Strategies

[California Evidence-Based Clearing House for Child Welfare- Selecting and Implementing Programs](#)

- **Who developed it:** The Chadwick Center for Children and Families – Rady Children’s Hospital in cooperation with the Child and Adolescent Services Research Center (CASRC)
- **What you will find here:** This section of the site provides guidance and resources about the implementation of Evidence-Based Practices (EBPs). You can find implementation tools and resources, guides, and implementation examples.

[Evidence-Based Behavioral Practice](#)

- **Who developed it:** the Office of Behavioral & Social Sciences Research at the National Institutes of Health
- **What you will find here:** This section of the site provides free online training portal where registrants can learn about topics like: Implementation of EBPs, how to search for evidence, the EBBP process, and much more.

[Evidence Based Practice & Policy Online Resource Training Center - BEST Training](#)

- **Who developed it:** Willma & Albert Musher Program at Columbia University School of Social Work
- **What you will find here:** A 10 module training that describes a process or an approach to enhance practice and policy decision making. This training starts with an EBP introduction and overview and ends with modules on evaluating the evidence and creating an action plan.

[Getting to Outcomes® Manuals and Summaries](#)

- **Who developed it:** RAND Corporation
- **What you will find here:** This site offers numerous manuals, summaries, publications, and resources free of charge that support quality implementation of Evidence-based Practices.

[Melanie Barwick, PhD. - YouTube Channel](#)

- **Who developed it:** Melanie Barwick, Ph.D. Senior Scientist in the Child and Youth Mental Health Research Unit within the Department of Psychiatry at SickKids Hospital in Toronto.
- **What you will find here:** This channel provides educational videos related to the implementation of evidence based practices in child and youth mental health, education, and global health.

[National Registry of Evidence-Based Programs and Practices \(NREPP\) – Learning Center](#)

- **Who developed it:** Substance Abuse and Mental Health Services Administration (SAMHSA)
- **What you will find here:** This section of the site includes numerous links related to planning, evaluating, implementing, and sustaining evidence-based programs.

[NIRNs Active Implementation Hub](#)

- **Who developed it:** the State Implementation and Scaling-up of Evidence-based Practices Center (SISEP) and the National Implementation Research Network (NIRN)
- **What you will find here:** Free, online learning on implementation drivers, teams, and stages as well as host of other modules, lessons and handouts. This is for use by any stakeholder — practitioners, educators, coaches, trainers, purveyors — involved in active implementation and scaling up of programs and innovations.

[State Implementation and Scaling-up of Evidence-based Practices Center](#)

- **Who developed it:** Frank Porter Graham Child Development Institute at The University of North Carolina at Chapel Hill
- **What you will find here:** This section of the site provides a variety of tools and resources for organizational change work including online coaching, teaching, and useful webinars/presentations all related to implementation of new practices/programs.

[Systems Improvement through Service Collaborative](#)

- **Who developed it:** Canada's Centre for Addiction and Mental Health
- **What you will find here:** Evidence-based tools to guide planning, decision-making, implementation, and evaluation. Many of these tools have been adapted from other sources

[Toolkit on Evidence-based Programming](#)

- **Who developed it:** The Community Research Center for Senior Health which is a partnership among Baylor Scott & White Health, Central Texas Area Agencies on Aging and Aging, Disability and Veterans Resource Center (AAA/ADVRC), and the Texas A&M Health Science Center School of Public Health.
- **What you will find here:** This toolkit contains materials that build the capacity of community organization to learn about EBPs, to consider how to select an EBP, and provides tips/recommendations for implementing EBPs.

[Understanding Evidence](#)

- **Who developed it:** Centers for Disease Control and Prevention (CDC) - Division of Violence Prevention
- **What you will find here:** This site is intended to help you learn how to use evidence-based decision making as you think about ways in which you can use EBPs in your community.

[University of Washington's PBHJP - YouTube Channel](#)

- **Who developed it:** University of Washington's Division of Public Behavioral Health and Justice Policy (PBHJP).
- **What you will find here:** This channel provides educational videos related to dissemination, implementation, sustainability, and other workforce development topics.
