

Resources and Registries for Substance Misuse

[Addiction Technology Transfer Center Network \(ATTC\)](#)

- **Who developed it:** SAMHSA
- **What you will find here:** This section of the ATTC Network site provides information about Evidence- Based Practices and why they are important for addictions treatment. It also provides information on how to carefully choose the right EBP, resources and tools to guide implementation.

[Institute for Research, Education and Training in Addictions \(IRETA\)](#)

- **Who developed it:** SAMHSA
- **What you will find here:** This website provides a list of selected evidence-based practices and best practices guidelines, links to toolkits and other educational materials.

[SAMHSA-HRSA Center for Integrated Health Solutions. Trainings](#)

- **Who developed it:** SAMHSA & the US Department of Health and Human Services
- **What you will find here:** This page acts as a centralizing body for information relating to publicly accessible substance use trainings, including both one-time and ongoing events and opportunities.

[Substance Use Screening and Assessment Instruments Database](#)

- **Who developed it:** Alcohol and Drug Abuse Institute at the University of Washington
- **What you will find here:** This resource is intended to help clinicians and researchers find instruments used for screening and assessment of substance use disorders. Some instruments are in the public domain, others can be obtained from the copyright holder.
