

**Community Behavioral Health: Provider Notification**  
**May 9, 2017**  
**Clinical Supervision Training Registration Correction**

On April 26, 2017, CBH posted a Notification with an attached flyer and instructions to register for the **Clinical Supervision Training** provided in partnership with The Behavioral Health Training and Education Network (BHTEN) on June 2, 2017. We have learned of a possible technical problem with the registration link on the flyer. As a result, we are re-posting the flyer with the working link and are asking anyone who has already registered for the training to please contact Sheyel Rorie at [srorie@pmhcc.org](mailto:srorie@pmhcc.org) to confirm their registration. Those who have not yet registered can do so via the link on the attached [flyer](#).
