Applicant Selected for the Right to Negotiate a Contract with CBH

- Moss Adams

Reasons for Rescinding the Selection for the Right to Negotiate

Upon entering Contract Negotiations for this RFP, it was agreed that the originally-posted RFP did not clearly state CBH's expectations with regard to the HIPAA Privacy Rule, and therefore the majority of Applicants did not address this in Scope or Cost as fully as expected.

Consequently, CBH has decided that it is in its best interest to rescind the award of the RFP. CBH anticipates that it will re-issue the RFP, incorporating the HIPAA privacy rule into the Scope of Work with enough clarity essential to successful completion of the purpose of the RFP, on or about October 1, 2017.
