## Hallmarks of the CBH Design

Purpose: Provide IBHS in school, home, and community

- 
- Quality
  - Access
  - Program sustainability

Significant addition to the landscape of children's treatment services, which now includes crisis response continuum, expansion of evidenced-based practices in outpatient and other settings, expansion of FBS, and 20 ABA providers

## Impact of COVID-19 on IBHS Implementation Timeline

Original Plan: RFP results were to be issued mid-April so that agencies could acquaint themselves with their school assignments, embark on EBP training, secure OMHSAS licensing, and begin to operationalize processes to ensure implementation in September 2020.

### Challenges:

- ❑ Reopening plans
  - ❑ Licensing
  - ❑ Evidence-based treatment training
- 

## Revised Timeline and Next Steps

### IBHS Implementation, Phase I: September 2020 to August 2021

- Providers start the school year in their clusters
- Phased approach to treatment services
- Virtual EBP training beginning in August with CBT
- Relaxed requirements: optional care coordinator and peer positions; allow time for hiring
- Virtual school, provider meet-and-greets
- Provider warm handoffs
- Focus on basic operations, building relationships with schools, building familiarity with neighborhoods and cluster resources

### Full Implementation SY 2021–2022

## Health Management Associates (HMA)

Last fall, CBH contracted HMA to provide training to our provider network:

- ❑ A **readiness assessment** was conducted during the month of December 2019.
  - ❑ The ultimate **goal** is to assist providers in the understanding and implementation of Value Based Payment arrangements.
  - ❑ This training is being provided at no cost to the provider
- 

## VBP Workshop Cohorts

The Value Based Purchasing workshops are being conducted in **three separate groups of providers (cohorts)**:

- ❑ Cohort 1 (AIP, CIRC, and TCM providers):
    - CBH hosted the first workshop on February 10, 2020.
    - Due to COVID-19 restrictions, the second workshop was held virtually on March 12, 2020.
    - The remaining workshops for Cohort 1 are tentatively scheduled for virtual meetings on July 15 and August 12, 2020.
  - ❑ Cohort 2 (IBHS), October 2020 to December 2020
  - ❑ Cohort 3 (Outpatient Drug and Alcohol), January 2021 to April 2021
- 

## VBPs and COVID-19

- ❑ Implementation of new VBPs has been suspended at this time.
  - ❑ We continue to pay providers based on the Alternative Payment Arrangement at this time.
  - ❑ We anticipate transitioning providers back to the payment arrangement in place prior to COVID-19 (i.e. Fee for Service, APA, or VBP) once the APA is no longer necessary.
  - ❑ We will continue to keep everyone informed as more information becomes available.
